Presents

Bang: A brief history of the universe

by

Dr Cormac O’Raifeartaigh , WIT

How big is the universe? How old is it? How did it come into being?

The Big Bang model of the evolution of the universe will be described in this seminar. The evidence supporting the model will be reviewed, and the limitations of Big Bang theory explained. Recent discoveries that have revolutionized our view of the cosmos will be discussed.

Room : F01

Date : Wednesday, 28th March

Time : 4:10pm

All are welcome to attend.
